We would like to remind parents / carers that research proves that missing school equals missed learning opportunities and low attendance is a factor linked to low levels of academic success.

The school appreciates parents / carers' co-operation with attendance and would like to work alongside in a supportive partnership to continue maintaining this upward trend in raising the overall attendance percentage for this academic year.

Parents / carers are encouraged to contact the school if are concerned about their child's well-being that could be linked to their attendance at any time.
